At the national park, there are plenty of malls, restaurants and shops. Feel free to have lunch and buy some souvenirs if you want. Plenty of street artists will salute you on the way. After this we will have dinner at a dinner theatre where you can see a brilliant horse show with 32 horses, dozens of cast members, pig races, and chickens and of course Tennessee countryside music.

### Day 3: Chattanooga – Nashville

After breakfast, we'll head to the biggest underground lake in the world – the Lost Sea. Deep inside a mountain near Sweetwater in East Tennessee is a remarkable body of water known as The Lost Sea. Listed by the Guinness Book of World Records as America's largest underground lake, the Lost Sea is part of an extensive and historic cave system

called Craighead Caverns. During the Civil War the Confederate Army mined the cave for saltpeter, a commodity necessary to the manufacture of gunpowder. At the bottom of the cave you will board a glass-bottom boat for an exciting trip on the Lost Sea. Then, we'll arrive Chattanooga at noon and explore the magnificent Lookout Mountain and Ruby Falls which is a 145-foot high underground waterfall located within Lookout Mountain. Rock City would be our next destination. It is said that it is possible to see seven states from Lover's Leap, a point in Rock City. Want to know whether that is true? You can join us and find out. At last, we'll take the Lookout Mountain Incline Railway. Also known as "America's Most Amazing Mile," The Incline's trolley-style cars climb through the natural beauty surrounding historic Lookout Mountain at a breathtaking 72.7% grade – straight up!

Hotel: Best Western Inn or equivalent

#### **Day 4 Nashville – Chicago**

Nashville is the capital of Tennessee. The visit to the government building of the state of Tennessee and the Volunteers Square will offer you a brief look of the history of the state of Tennessee. By noon, we'll arrive Mammoth Cave National Park. (If time is permitted, the tour leader will arrange an in-depth tour inside the Park.) Mammoth Cave National Park preserves the cave system and a part of the Green River valley and hilly country of south central Kentucky. This is the world's longest known cave system, with more than 400 miles explored. Early guide Stephen Bishop called the cave a "grand, gloomy and peculiar place," but its vast chambers and complex labyrinths have earned its name. At nightfall will arrive Chicago Chinatown, (2206 S Wentworth Ave).
