We will leave at 7:30 am from Chinatown and drive towards Dubuque, the oldest city in Iowa. Dubuque is located along the Mississippi River, the longest river in the States. It is a favorite place to view fall foliage for locals.

Then we will move towards Galena. Galena is one of most popular resorts for people who live in Chicago. The city is rich in its history and famous for its architecture heritage.

85% of architecture here was listed in the National

Register of Historic Places. Furthermore, Galena is the “hometown” of the 18th American President Grants.

Although in fact, it is not the actual birthplace of him, he spent most of his life time with this beautiful small town.

Here, we will do an in-depth tour that includes a visiting of

Grant's home and a walk tour, which will show us the city's landmarks with its little-known backgrounds. Then, it will be some free time for us at downtown Galena. Feel free to take a walk, have some coffee or buy some souvenirs. After a casual day, we will go back to Chicago Chinatown around 8:00pm.

Attraction fees	Adult	Senior	Child
