In addition, enjoy the hot glass show performed by some most experienced technicians. Day 4 Cleveland- Chicago

Although a fiercely blue-collar ethos still endures, Cleveland is showing off its vibrant spirit with new museums, inventive restaurants and retro boutiques. The Rock and Roll Hall of Fame and Museum, already a city landmark, has a wealth of interactive exhibits. If any one thing is most responsible for Cleveland's rebirth, this glass-and-porcelain pyramid is it. Designed by I. M. Pei, this temple to rock music is a high-concept, multimedia collection of exhibits, archives, and films that tell the story of rock from its bluesy roots through its post-grunge days. Fun for all ages, the museum offers the coolest collection of pop-culture memorabilia. On July 20, 1972, three years to the day after Neil Armstrong's walk on the moon, the Armstrong Air and Space Museum opened to much fanfare. Armstrong himself was present to help open the facility and presented moon rocks brought back to Earth from the Apollo 11 mission. As space exploration has evolved, so have the exhibits at the Armstrong Air and Space Museum. Docked next to the Rock and Roll Hall of Fame at Cleveland's East Ninth Street Pier, the Goodtime ship treats visitors to a spectacular view of Cleveland's skyline as well as a relaxing cruise.
