Day 4: Chattanooga – Ruby Falls (12/28 Monday)

We will spend the day exploring Chattanooga, TN and the surrounding area. Our day includes heading to Lookout Mountain to take the Lookout Mountain Incline Railway, see the Ruby Falls as well as visit the Rock City.

Lookout Mountain - This historic hilltop on the southern border of Tennessee has a colorful history as a place of importance during wartime. Most notably, it was the centerpiece of the Battle of Lookout Mountain during the American Civil War.

Lookout Mountain Incline Railway - This tram has been running almost continually since 1895 and with the exception of an engine update in 1911, it hasn't changed very much in more than 100 years of operation. The ride stretches about one mile up the mountain and the incline reaches a breathtaking 72.7% grade – almost straight up! Enjoy the "America's Most Amazing Mile" aboard!

Ruby Falls - a breathtaking 145-foot underground waterfall, is a natural wonder. It is located over 1,120 feet below the surface of Lookout Mountain. It is fed by rainwater and underground springs and the water from the falls eventually flows into the Tennessee River.

Rock City - On the top of the Rock City, it is said seven neighboring states might be seen from Lover's Leap - you can find out whether it is true or not. However, we are sure you will be amazed by the breathtaking panoramic views of natural landscape, massive ancient rock formations, and gardens with over 400 native plant species.

It is said that till 1774, just before the American Revolution and writing of the Declaration of Independence, Thomas Jefferson purchased 157 acres of land including the Natural Bridge from King George III of England for 20 shillings. The bridge was called by Thomas Jefferson “the most sublime of nature's works”. Virginia's Natural Bridge has been fascinating travelers for hundreds of years.
