Day 2 New York City Tour

WTC & Ground Zero (3 hours) – United Nations Headquarter (guide tour into the Hall) - Times Square – Madame Tussauds wax Museum

In the morning, we will visit the **One World Observatory**. One World Trade Center, as the icon of New York, is located at the southwest most of Manhattan, is the highest skyscraper in New York and America, at same time, it is ranked No.4 in the world with the height of 1,776ft. This number is exactly same as the year of the Declaration of Independence post. Upon entry, Guests are greeted in the Global Welcome Center, where a large video board features salutations in an array of languages, and a dynamically generated world map highlights the hometowns of visitors. After, guests will have chance to experience a program titled “Voices,” which tells the personal stories of the men and women who built One World Trade Center. Next, “Foundations” provides Guests with a close up view of the very bedrock on which the building stands. Start by ascending to the top of the tallest building in the Western Hemisphere in less than sixty seconds, guests could then look out the horizon and feel the city’s invincible spirit.

Next we can visit the **911 Memorial & Museum**. Here, the Memorial’s twin reflecting pools are each nearly an acre in size and feature the largest manmade waterfalls in the North America. The pools sit within the footprints where the Twin Towers once stood with the 3000 names of the people who died in the 911 terrorist attacks. The National September 11 Memorial Museum serves as the country's principal institution concerned with exploring the implications of the events of 9/11, documenting the impact of those events and exploring 911’s continuing significance.

Then, let’s take a look and visit **Oculus**. With an additional 290,000 square feet of exciting, multi-level retail and dining space, the World Trade Center site is the focal point of Lower Manhattan.

Lastly, we will visit **Headquarters of United Nations**. The headquarters of the UN is a complex that has served as the official headquarters of the United Nations. Although it is situated in New York City, the land occupied by the United Nations Headquarters and the spaces of buildings that it rents are under the sole UN and not the U.S. government. Visitors could be led by the UN tour guides into the building and explore more. (Government-issued photo identification is required to enter the United Nations. For security reasons, children under 5 years of age are not permitted on tour. If visiting is not available or the United Nations closes for certain reasons, we will visit outside of the UN and take pictures for memory.) In the end of the day, our tour bus will take guests to “World Crossroads”, **Times Square**. It got its name from the New York Times building. You will see the most crowded and most prosperous business blocks

in the world. Take a picture with president Trump in Madame Tussauds wax museum. You can also go to Ripley's Believe It or Not. It is one of the most entertaining museums in the world.

Into the night, **Broadway musicals** are one of the most celebrated symbols of the city. You will have a chance to watch the world admired Broadway shows upon your request. (Note: please book the tickets in advance since seats are limited. You can consult your tour guides for tickets and price.)

Then we will leave for Philadelphia where known as the birthplace of American democracy. At the Independence National Historical Park, tour guide will arrange a free time for guests to walk around.
