# Itinerary

**Day 1** Secret Caverns – Niagara Falls (Night View)  
Hotel : Quality Inn Buffalo Airport hotel or equivalent

In the morning, we will directly head to Secret Caverns. **Secret Caverns** is in upstate New York. A 103-step staircase with various layers of limestone deposited faithfully by the prehistoric ocean is the only way in or out. Many of the caverns in this area were formed largely during the last Ice Age about 38,000-14,000 years ago. "For thousands of years mineral laden water has been precipitating on the walls, ceiling, and floor of the caverns, leaving behind great deposits of golden calcite. When these deposits hang from the ceiling like icicles, they are called stalactites. When they build up from the floor, they are called stalagmites. And when you see calcite dripping down over the walls or covering the rocks, that is called flowstone." – You will have a wonderful time with all the views mentioned! (Note: Due to the cold weather and frozen road since November, Secret Caverns may be closed on some departure date) From there we will continue to Niagara Falls, NY. You can optionally watch a **Niagara IMAX movie** which chronicles more than 12,000 years of history and examines human interaction with the falls from ancient time through the people - like you - who come to see them today. At night, we will see the **Niagara Falls Illumination**. (The completeness of night view on certain summer evenings may be limited or not available due to late sunset time and US Federal Government regulations on driving hours.)

## Day 2

**Maid of the Mist – Niagara Falls In-depth Tour – Watkins Glen State Park (Mid of May -Oct)**

**Maid of the Mist – Niagara Falls In-depth Tour – Corning Glass Museum (November -May)**

Hotel : Comfort Inn/Red Roof Inn, MD or equivalent

Departure from the hotel in the morning, we will continue to explore Niagara Falls, NY where we will take Niagara Falls In-depth Tour and take the famous Maid of the Mist boat ride (seasonal, summer only)

**Niagara Falls In-Depth Tour** - This interesting and exciting tour includes two popular attractions: the magnificent natural wonder - *Niagara Whirlpool State Park* and the U.S. historic landmark - *Old Fort Niagara*. The Niagara Whirlpool's greatest depth is 125 feet. It is estimated the whirlpool formed approximately 7,500 years ago by the upstream erosion of the Niagara escarpment by Niagara River. Old Fort Niagara is a rich historic landmark; it spans more than 300 years. Its commanding presence on the great lake caused it to play a critical role in the French and Indian War, the American Revolution and the War of 1812. The gorgeous Lake Ontario lies behind the Fort.

**Maid of the Mist** - It's the combination of height and volume that makes Niagara Falls so beautiful. More than 6 million cubic ft. (168,000 cubic meters) of water goes over the crest line of the falls every minute during peak daytime tourist hours. This famous Maid of the Mist ride gets passengers as close as possible to the Niagara Falls! The Maid rides right into the mists thrown up by the roaring cascade as the Niagara River tumbles over the edge of the falls.

**Mid of May- Oct.** After the lunch, our tour will go to the next stop – **Watkins Glen State Park**. Watkins Glen State Park - is the most famous of the Finger Lakes State Parks. Within two miles, the glen's stream descends 400 feet past 200-foot cliffs, generating 19 waterfalls along its course. The gorge path winds over and under waterfalls and through the spray of Cavern Cascade. Rim trails overlook the gorge. It's a perfect park for photography! (Note: we charge \$10/person for state park admission and bus parking.) Since November (According to weather condition), Watkins Glen State Park will be closed. We will visit world famous Corning Glass Museum instead.

After Watkins Glen State Park closed for winter, we will visit **Corning Glass Museum** - in western New York is dedicated to the history, art, and science behind glassmaking. Its collection contains more than 45,000 objects, some of which date back millennia. Guests here will be invited to watch the Hot Glass

Show which is performed by professional glass craftsman, and, will have chance to know how did ancient Egyptian make the world first glass mask in 3000 years ago!

## Day 3 Washington D.C. – Philadelphia – New York City

Leave the hotel in early morning; we will go visiting Washington D.C., the capital of the United State.

First, we will visit **National Air and Space Museum**. It records the history of the space industry: from the Wright Brothers' aircrafts in 1903 to modern out space exploration, St. Louis's Lindbergh's Spirit to the real Apollo 11 cockpit. It has the most sufficient documents of aerospace history all over the world.

Next, we will go taking **the DC cruise**; enjoy the scenic view along the Potomac River. (\*When the DC cruise closed during winter, we will visit International Spy Museum instead. The museum is a museum exploring the craft, practice, history, and contemporary role of espionage. It is the only public museum in the United States solely dedicated to espionage and the only one in the world to provide a global perspective on an all-but-invisible profession.).

The sightseeing also includes: **Capitol Hill** (outside view), the center of power in this nation which contains the **Congress and House of the Senate and Representatives**. **The White House** (outside view) located at 1600 Pennsylvania Avenue, is the living and working place for American President. Additionally, we will pass by Jefferson Memorial along with the Tidal Basin, and will visit **Lincoln memorial** where a large seated statue of Abraham Lincoln inside and two well-known speeches by him shown on the wall. The Vietnam War and the Korean War Veterans Memorial are located nearby the Lincoln Memorial, in which commemorates the sacrifices of American who served in both wars.

**If time permits**, we will also go to the **Madame Tussands** in Washington D.C., which is the only place you can "really" get close to the "45 Presidents" during America's history. Take the chance to explore the inner structure of The White House and to have photos with Oval Office's Resolute Desk.

Then, we will head to Philadelphia to visit Liberty Bell and **National Independence Historical Park**. After finishing the entire itinerary today, our tour will return to New York.
