Seattle is the largest city in both the State of Washington and Pacific Northwest region of North America and the fastest growing major city in the US. Here, we will go to **Pike Place Market**, which is built in a hundred years ago. The Pike Place Market was originated by farmers for selling their products, it is now one of the major tour spots in Seattle, holds about 200 commercial events every year, exhibits 190 kinds of handcrafts, includes 120 agriculture vendors and plus street performers. Pike Place Market is also where the first Starbucks store was founded. After strolling around the market, we will head to **Space Needle**. Space Needle is an observation tower in Seattle. It was built in the Seattle Center for the 1962 World's Fair; it drew over 2.3 million visitors, which you should never miss. It is the structure you can see from every single corner of Seattle. On top of the tower you are offered with free telescope to see the amazing view of not only Seattle city but also Puget Sound and Mt. Rainier. You can also surprise yourself by experiencing the most advanced hologram technology at the Space Needle. Then the destination is **University of Washington**. It was built in 1861, and is one of the best universities in the U.S. Also, University of Washington is the most famous cherry blossom sightseeing place. Next, we will bring you to **Boeing factory**, the largest aircraft manufacture in the world. At its factory you will learn the history of aircraft making and also see one of the only 4 Dream lifters in the world; there will be professional Boeing employee guiding you to see the assembling process of the Boeing 7-series. Boeing can build a miracle in only 3 days, so get prepared to open your eyes, there will be experiences that you never had before.

***Notes:

University of Washington's official cherry blossom sightseeing time is during 3/16/2017- 4/17/2017. While the actual situation of cherry blossom may be affected by weather condition.
