Drive east from Seattle along the I-90 and we will reach to the Spokane. Spokane is a vibrant city which hosted the first environmentally themed World's Fair at Expo 1974. It is also the 2nd largest city in State of Washington, and it stands as a destination city with its natural beauty. Later the tour continues to Missoula in Montana. We will stop at the 50,000 Silver Dollar collection bar in Western Montana. The largest collection of its kind is displayed in this unique bar. This 50,000 plus Silver Dollar collection was started by Gerry and Marie Lincoln in 1952. Now in their fourth generation, the Lincoln family continues the Silver Dollar collection. People from all over the world have their names inscribed. Over \$2500 are embedded in the bar top with the remainder graciously adorning the surrounding walls and ceiling.

Day 2: Missoula – Yellowstone National Park

Yellowstone National Park spans an area of 3,468.4 square miles (8,983 km²), located primarily in the U.S. state of Wyoming, although it also extends into Montana and Idaho. Yellowstone National Park is one of the most stunning Wonderlands in the world. Old Faithful and the majority of the world's geysers are preserved here. They are the main reason the park was established in 1872 as America's first national park – an idea that spread worldwide.

Around noon, we will arrive in the Yellowstone and will visit Mammoth Hot Springs. In the northwest, the Mammoth District features Mammoth Hot Springs Terrace which was formed by the limestone of softer nature. As hot water rises through limestone, large quantities of rock are dissolved by the hot water, and a white chalky mineral is deposited on the surface.

Day 3: Jackson Hole – Grand Teton – Yellowstone National Park

We will visit Jackson Hole and find the famous Antler Arches of Jackson in the town. It is a unique and gorgeous landmark representing the nearby Elk Reserve. Later we will head to Grand Teton National Park. Grand Teton, at 13,775 feet (4,199 m), is the highest point of the Teton Range, and the second highest peak in the U.S. state of Wyoming after Gannett Peak. The mountain is entirely within the Snake River drainage basin, which it feeds by several local creeks and glaciers. Rising above a scene rich with extraordinary wildlife, pristine lakes, and alpine terrain, the Teton Range stands monument to the people who fought to protect it.

Later, we will visit Yellowstone National Park again. To the Southeast of the park lays the Yellowstone Lake, presenting breathtaking views of landscapes. Yellowstone is also pristine mountain-range wilderness and an open refuge for wildlife, including grizzly bear, elk, American bison, moose and wolf. We will continue to explore the Yellowstone by visiting famous Old Faithful Geyser, Grand Prismatic Hot Spring, Morning Glory, West Thumb Geyser Basin, Dragon's Mouth Spring, Mud Volcano, Fountain Paint Pot, Artist Point, Yellowstone Falls, Yellowstone Lake etc.
